Sponsorship Opportunities

The EMBL Hamburg 40th Anniversary celebrations offer an excellent marketing and networking opportunity, attracting a dynamic and successful community of international life scientists and research administrators.

Several outstanding life scientists with close ties to the institute will present a series of inspiring talks on the past, present and future of the institute and its structural biology platforms. Over 150 current and former staff from EMBL and many leading scientists within our user community will be attending.

This memorable anniversary event is scheduled to take place from Thursday 27 to Saturday 29 November 2014, and will offer stimulating science talks, visits to the most advanced synchrotron and X-ray free electron laser facilities operating and under construction on the site of the Deutsches Electronen-Synchrotron in Hamburg, a spectacular welcome dinner and evening celebration and a prestigious reception at Hamburg Town Hall.

The participants will include EMBL staff from across Europe and beamline users as well as alumni worldwide.
